## 2. MANAGER INFO — CHECK-IN, FIELDS, WEATHER, CAFE

**CHECK IN at First Pitch Cafe (Green Building by RF) — Thu/Fri 5–7 PM or Sat 8:30–10:30 AM. Bring ID.**

### Player check-in

- **Location:** Inside the **First Pitch Cafe** — the large Green Building by right field.
- **Thursday:** 5:00 PM – 7:00 PM
- **Friday:** 5:00 PM – 7:00 PM
- **Saturday:** 8:30 AM – 10:30 AM
- All players must check in before playing. Check in Sat morning before games, or Thu/Fri evening.
- Bring a **valid ID**. Sign required **waivers** and the **film release**. Take a **player profile picture**.
- Profile photos: wear team uniform when possible. Hats optional — no random/non-team hats. Minor photo issues may be AI-corrected.

### Field locations & conditions

- **Field 1** — first field as you drive into the property (= Grass Field 1 on the schedule).
- **Field 2** — directly next to Field 1 (= Grass Field 2 on the schedule).

- **Field 3 / Main Turf Field** — in the back of the property.
- **Field conditions:** Fields 1 and 3 look great. Field 2 has newly installed sod and may be rough in spots.
- Each team plays **only one game on Field 2**. Field 2 will **not** be used in the playoffs.

### Weather & rain plan

- Forecast previously noted ~60% chance of thunderstorms Saturday — be ready for delays.
- If weather moves through, shelter inside the **First Pitch Cafe / Green Building**. Play resumes when safe.
- If the tournament cannot finish Saturday, **remaining playoff games continue Sunday at 10:00 AM**.

### First Pitch Cafe (Green Building)

- Also known as: the large Green Building by right field.
- Player check-in • Bathrooms • Coffee • Bats • Water and snacks • Social Lounge

### Streamed / featured games

- For featured streamed games: refrain from foul language; **no visible alcohol**; keep it broadcast-friendly.
- Featured games favor teams that look professional (matching uniforms / polished appearance) — not skill alone.
- PLW will try to stream as many Main Turf Field games as possible if setup is ready.
- Want to help with cameras, scorekeeping, or umpiring when not playing? Contact **Adam Tanic** or **Tom Gannon**.

### Important reminders

- **NO KIDS. NO PETS.** 21+ adult event.
- Many players (including us) are new to these rules — mistakes happen. Have fun and help build the community.

### Manager checklist

- Share this packet with every Wizard before the tournament.
- Confirm each player knows check-in location (First Pitch Cafe) and Thu/Fri/Sat windows.
- Remind everyone: no kids, no pets, broadcast conduct (language / no visible alcohol).
- Ask available players to volunteer for cameras, scorekeeping, or umpiring when not playing (Adam Tanic / Tom Gannon).

### 3. WIZARDS OF WIFFS — YOUR POOL GAMES

You play every field once. Check in Sat morning (or Thu/Fri). Gates open 9:00 AM; first pitch 10:00 AM.

| Round   | Time     | Opponent         | Field               |
|---------|----------|------------------|---------------------|
| Round 1 | 10:00 AM | vs Savages       | Field 2 (Grass 2)   |
| Round 4 | 1:00 PM  | vs Sandvipers    | Field 1 (Grass 1)   |
| Round 6 | 3:00 PM  | vs Cloud Seeders | Field 3 (Main Turf) |

Between games: hydrate, shade up, talk matchups. Rounds 2–3 & 5 = scout Pool C rivals.

### 4. FULL POOL PLAY SCHEDULE

| Pool         | Teams                                                |

| Pool A       | Wiffle Sh*ts, Blitz, Knuckle Up, Get a Whiff of This |
| Pool B       | Marauders, Step Above, Flamingos, Balls Deep         |
| Pool C (YOU) | Savages, Cloud Seeders, Wizards of Wiffs, Sandvipers |

| Round / Time  | Main Turf Field                   | Grass Field 1                | Grass Field 2                       |
|---------------|-----------------------------------|------------------------------|-------------------------------------|
| R1 — 10:00 AM | Wiffle Sh*ts vs Blitz             | Marauders vs Balls Deep      | Savages vs WIZARDS                  |
| R2 — 11:00 AM | Knuckle Up vs Get a Whiff of This | Step Above vs Flamingos      | Cloud Seeders vs Sandvipers         |
| R3 — 12:00 PM | Marauders vs Flamingos            | Savages vs Cloud Seeders     | Wiffle Sh*ts vs Get a Whiff of This |
| R4 — 1:00 PM  | Step Above vs Balls Deep          | WIZARDS vs Sandvipers        | Blitz vs Knuckle Up                 |
| R5 — 2:00 PM  | Savages vs Sandvipers             | Wiffle Sh*ts vs Knuckle Up   | Marauders vs Step Above             |
| R6 — 3:00 PM  | Cloud Seeders vs WIZARDS          | Blitz vs Get a Whiff of This | Flamingos vs Balls Deep             |

Headers map to manager fields: Main Turf = Field 3 • Grass Field 1 = Field 1 • Grass Field 2 = Field 2.

### 5. FORMAT, TIEBREAKERS & PLAYOFFS

3 pools of 4. Each pool winner advances. 4th playoff spot = **Wildcard** via Swing-Off. Any team with  $\geq 1$  win is eligible. Single-elim final four.

#### Pool 1st-place tiebreakers (in order)

- Head-to-head record
- Fewest runs allowed ← defense/pitching is huge
- Run differential
- Most runs scored
- Coin flip

#### Playoff bracket

- Semi-Final 1: Pool 1 Winner vs Pool 2 Winner
- Semi-Final 2: Pool 3 Winner vs Wildcard
- Championship: Semi winners → CHAMPION

**UNDERDOG PATH: Steal 1 pool win (Wildcard) + keep runs allowed low (tiebreakers).**

## 6. COMPLETE PLW SEASON 6 RULE BOOK (CHEAT SHEET)

Full coverage of every rule from [premierleaguewiffle.com/rules/](http://premierleaguewiffle.com/rules/) (Season 6). Bring this. Argue from the book.

### Hit results (quick reference)

- **Hit-result cheat sheet** (how hits are scored — placeholders, not live baserunning):
- **Single:** grounder through infield played by OF, or fly that lands in OF (not wall / not out of play).
- **Double:** ball that bounces before hitting the back wall/fence.
- **Triple:** fly ball that hits the back wall/fence in the air.
- **HR:** fly ball clears the back wall/fence in the air (foul pole above fence = HR).

### 1.00 General

- **1.01** Max 12 players on roster.
- **1.02** 6 fielders including pitcher; lineup bats 6–12.
- **1.03** Up to 6 designated hitters. Batters may be added to the bottom of the lineup; lineup can never be shortened.
- **1.04** Fielders may sub freely (even if removed from lineup). A batter removed from the lineup may not hit or pinch-run the rest of the game.
- **1.05** No pitching/defensive changes mid at-bat except injury forcing a player out.
- **1.06** No gloves — bare hands only. Bandages/casts for injury OK.

### 2.00 Game structure

- **2.01** Games are 6 innings. Extras until a winner; runner placed on 2B to start extras.
- **2.02** New/like-new official Wiffle® balls only. Remove deformed, dirty, or scuffed balls.
- **2.03** Official original yellow Wiffle® bats only. Tape OK on a max 12" barrel section; both ends uncovered. Stickers OK if not overlapping. Barrel must fit a 2" Sch.40 PVC tee.
- **2.04** 10-run mercy after 3 complete innings.
- **2.05** Game ends in mercy when a team scores their 15th+ run and leads by  $\geq 2$  (even if away).
- **2.06** Walk-off multi-run hit: all runners advance; batter credited with the hit result (e.g. walk-off bases-loaded double in 0–0 = 3–0).

### 3.00 Gameplay

- **3.01** Every at-bat starts **0–1**.
- **3.02** Called strike:  $\leq 55$  mph on PocketRadar™ AND hits K-zone in the air. No radar read in a called-strike situation = "no-pitch," unless umps agree clearly  $< 50$  (strike) or  $> 60$  (ball).
- **3.03** HBP = ball, unless face +  $\geq 65$  mph, or hands while holding the bat (hands = part of bat). HBP counts toward pitcher's walk total.
- **3.04** Batter must try to avoid HBP. If batter interferes with a pitch that may have been a  $\leq 55$  K-zone strike, pitcher may appeal → strike or no-pitch at umpire discretion.
- **3.05** No balks, but delivery must be fluid (no pump fakes). Illegal if: (a) back/pivot foot leaves rubber before release (no hop/jump/lunge/slide), or (b) entire front foot lands off the pitching mat. Per pitcher/series: 1st = warn/no-pitch; 2nd = auto ball; more = auto walk (counts toward walks).
- **3.06** Walk 2 batters → pitcher ineligible rest of game. **Last eligible pitcher has no walk limit.**
- **3.07** In a 3-game series, a different pitcher must start each game.
- **3.08** In a 3-game series, a pitcher may appear (throw a pitch) in up to 9 innings. Pitch in a 10th inning: outs become walks; if inning completes → forfeit.
- **3.09** If a pitcher starts with 0 IP and throws every pitch in that game, they may continue past the 9th until they walk 2.
- **3.10** Foul tip into K-zone twice with 2 strikes = strikeout.
- **3.11** Wild pitch: out of play without touching K-zone, backstop, or batter. Over top of backstop = out of play; sides of backstop are NOT. Runners +1 base (no extra base if ball 4).
- **3.12** Bat hitting K-zone on swing/check-swing = swing; ball put in play stays live.
- **3.13** Front foul / "cheap line" between 1B and 3B lines — behind it (toward plate) is foul.
- **3.14** Pylons one ball-length off 1B/3B for fair/foul. Ball hitting pylon before OF = foul. Fielder deflection into pylon = live.
- **3.15** No intentionally using feet to stop the ball (except sliding in OF). Pitcher may foot-deflect a ball directly back to themselves.
- **3.16** Runners are placeholders except tag-up from 3B. Stand within 10 ft of base; avoid fielders. Interference → batter out, no advances.

- **3.17** Fielders may not be closer to home than the pitcher.
- **3.18** Batter must start in the box; may step out while swinging.

#### 4.00 Fielding / advancing runners

- **4.01** Force at 1B/home: hit backstop or K-zone with ball **in the air** within **5 seconds** of contact. Batter in front of backstop = part of K-zone. Bottom pole of K-zone / balls near backstop = ground. Ball rolls behind batting mat → dead; no further outs.
- **4.02** Tag 2B/3B within 5 seconds for force outs when applicable. Bases loaded, 0 outs: DP throw that hits K-zone gets runner at home (tag play). Fielders may not run toward the backstop with the ball.
- **4.03** Forced runners +1 base on a ground out. Unforced runners hold unless a DP is attempted.
- **4.04** Ball stays in infield with no outs recorded → runners +1, batter to 1B.
- **4.05** Fair ball bounces out of play before OF fence, untouched → no further outs; runners +2; batter to 1B.
- **4.06** Fair ball out of play without hitting K-zone/backstop/batter → runners +2; batter to 2B. No extra bases for throw OOP if no play left.
- **4.07** Fair ball hits ground then fence → all runners score; batter to 2B (except GRD case: runner from 1B holds at 3B).
- **4.08** Ball hits fence in the air → all runners score; batter to 3B.
- **4.09** Ball over fence in the air → all runners + batter score (HR).
- **4.10** Fielder holding ball against fence/OF grass → no extra bases awarded; ball still live.
- **4.11** Tag-up from 3B after fly out: if runner crosses commit line, fielder may hit backstop/K-zone/runner before home for DP (need not be in air). No crossing commit line after pitcher has ball on mat.
- **4.12** On tag-up, throw/deflection OOP without hitting K-zone/backstop/batter/runner → runners +1.
- **4.13 Holding runners:** throw to 3B <5s → runner stops at 2B; throw to backstop in air <5s → runner stops at 3B. With 1st+2nd: backstop hold keeps both at 2B & 3B; throw to 3B only holds the trail at 2B (lead from 2B still scores).

#### Appendix — MLB rules that apply

- Unlisted situations → 2021 MLB rulebook when applicable.
- Pitchers must face ≥3 batters or finish the inning when entering.
- Intentional walk: no pitches required.
- Fair/foul behind the bases = where the ball lands. If fielder touches before fair/foul determined, rule by ball location at contact (any fraction on/above foul line = fair).
- No white/gray/distracting pitcher sleeves. Wait until batter is set & looking — illegal quick pitch = auto ball.
- All fielders on the ground in fair territory. No intentionally distracting the batter.
- To record an out, secure the ball before any body part touches ground/structure that is out of play.
- Batting team must vacate space for fielders. Interfere with a batted ball that could roll fair → batter out, no advances. Wait for fouls to stop or hit foul territory before picking up.
- Batting out of order: during AB → correct batter assumes count. After AB → proper batter out, next up. If wrong batter becomes runner/out and a pitch is thrown before appeal → result stands.
- No legal sub for exited player → out every time that lineup spot comes up.
- Deliberately touching fair ball with detached cap/jersey/uniform → batter + all runners awarded 3 bases.
- Runner hit by fair batted ball before fielder touch → runner out; batter awarded single; others advance only if forced.
- Batter may switch boxes once per AB, not after pitcher starts motion.
- Illegal bat → batter out; no advances; outs on the play stand.
- No switching pitching hands mid-AB. Injury switch → may not use injured hand rest of series; no warm-ups.
- Bounce over fence/OOP = ground-rule double (all +2 bases). Foul tip must be sharp & direct. Pitcher may only have 1 ball. 3 strikes / 4 balls. Catch before ground/backstop/K-zone/fence/chair = out. 3 outs per half-inning.

#### The PLW field

- Home → 1B/3B: 50 ft. Home → 2B: 55 ft.
- Pitcher's mound → K-zone: 43.5 ft. Infield line: 5 ft behind the bases.
- LF/RF: 90–105 down the lines; CF: 115–125.
- Backstop: 10 ft wide × 8 ft tall. K-zone (basic rules): 24" × 28.5", stands 10" off ground.

### 7. CODE OF CONDUCT (DON'T GET TOSSED)

- Respect players, umpires, staff, fans, and the ranch property. Clean dugouts.

- Only managers speak to umps about calls.
- Stay in dugout unless on deck / batting / on defense (HR celebration exception).
- No taunting, personal insults, or profanity; zero tolerance for racism, violence, weapons.
- Don't throw bats in anger. Handle gear safely.
- Motto: **Play Hard. Have Fun. Respect All.**

## 8. UNDERDOG TIPS & TRICKS — STEAL GAMES FROM BETTER TEAMS

You're probably the least experienced team — that's fine. PLW rules create specific leverage points. Use them. Goal: **1 quality win**, low runs allowed, and stay alive for Wildcard / Pool C chaos.

### A. Pitching game plan

- **Live under 55 mph with movement.** Called strikes only count  $\leq 55$  into the K-zone. Practice a repeatable under-55 strike and a harder "looks like a strike" ball that charts over 55 (reads as ball even if it hits the zone).
- **Attack the zone early.** Batters start 0–1. Get ahead; make them chase. Don't nibble yourself into walks.
- **Protect your 2-walk limit (3.06).** Two free passes = that pitcher is scratched for the game. Near walk #2: challenge the zone. Pre-assign your emergency **last eligible pitcher** (no walk limit) before first pitch.
- **Footwork legality.** Back foot on rubber, front foot on mat. Illegal pitches escalate to free bases — don't gift better teams walks.
- **Mix locations / speeds / spin.** Experienced hitters crush predictable yellow-ball heaters. Change eye levels and timing every at-bat.
- **Use intentional walks wisely** (no pitches required). Walk the middle-of-order killer to face a weaker bat — but remember walks count and can burn your pitcher.

### B. Defense & runs-allowed obsession

- **Fewest runs allowed is tiebreaker #2** (after H2H). A close low-RA loss helps more than a 12–10 slugfest for pool rank / Swing-Off optics.
- **Drill the 5-second throw to the backstop/K-zone.** Most outs are "throw it home in the air, fast." Practice scoop → throw accuracy barehanded.
- **Hold runners.** On singles, a clean  $< 5s$  throw to 3B or backstop stops traffic.
- **Positioning:** no one closer than the pitcher. Shade pull-side; protect the cheap line.
- **Communication:** call flies early. Collisions/drops with no gloves are free outs for them.
- **Avoid mercy.** Compete for RA; don't gift 15-run mercies.

### C. Offense against better pitching

- **Hunt walks to burn their ace (3.06).** Two walks and their best pitcher is DONE. Be patient; HBP counts toward their walk limit.
- **Track pitcher usage (3.07–3.09).** Different starter each game; 9-inning appearance cap. Attack the backup later.
- **Start every AB down 0–1 — shorten up.** Put the ball in play.
- **Aim for doubles/triples geometry.** Bounce-before-wall = double; air to wall = triple. Line drives  $>$  short pop-ups.
- **Don't gift outs on the cheap line.** Get it past the infield line.
- **Two-strike approach:** foul tip into K-zone twice with  $2K = K$ . Protect.
- **Tag-up IQ:** practice the commit line — hesitate and die; overcommit and get doubled off.
- **Lineup length:** bat 6–12; add to bottom, never shorten. Best contact guys see the most ABs.

### D. Tournament math & mind games

- **Get 1 win at all costs.** Wildcard needs  $\geq 1$  pool win + Swing-Off.
- **Target the winnable game.** Scout R2/R3/R5 Pool C. Peak your best pitcher for that matchup.
- **Opening vs Savages (10 AM):** clean defense + strikes. Close loss with low RA still helps.
- **Swing-Off prep:** if 1–2, treat it like Game 7. Stay loose after Round 6.
- **Energy:** Florida August heat — shade, water, electrolytes. Fresh arms beat cramping talent.
- **Uniforms:** photographer prioritizes polished teams — matching kits help morale/photos.

### E. Small-rules edges

- Force illegal-pitch / foot faults — free balls add up.
- Know fence rules: bounce then fence / air to fence / over fence (4.07–4.09).
- Fielder holding ball against fence → no extra bases (4.10).
- Only managers argue. Keep the dugout calm.
- Legal bat tape only — illegal bat = out. Check PVC ring before first pitch.
- Wild pitch OOP advances runners 1 base — stay alert on WP/HBP sequences.

**SIMPLE SCRIPT: Throw strikes under 55 • Catch + hit the K-zone in 5 seconds • Scratch 1 win • Keep RA low • Survive to Swing-Off.**

## 9. GAME-DAY CHECKLIST

### Check-in & gear

- Valid ID + waivers + film release + profile photo
- Official yellow Wiffle bats (taped legal)
- Turf shoes / sneakers (no cleats)
- Matching jerseys (helps for streamed games)
- Barehand warmup ball

### Body & camp

- Water + electrolytes (Cafe also has water/snacks)
- Chairs + canopy/shade (storms possible)
- Sunscreen, towels
- Thu/Fri check-in 5–7 PM **or** Sat 8:30 AM
- No kids • No pets • No visible alcohol on stream
